

CURRICULUM VITAE

MILORAD V. KRGOVIĆ

Name of Staff: Dr Milorad V. Krgovic
Name of Firm: Faculty of Technology and Metallurgy
Profession: Full Professor, Retired
Date of Birth: March 24th, 1943

Membership of Professional Societies:

- UN expert for paper production
- Scientific board member of EUCEPA
- TAPPI, USA
- World Bank Group
- Coordinator of Center CPA&G (Center for pulp, paper, packaging and printing industry, Faculty of Technology and Metallurgy, Belgrade)

Detail tasks Assigned:

- Teaching activities, research, coordination the Center for pulp, paper, packaging and printing industry, member of the expert team for projecting and realization of paper-mills...

Key Qualifications:

- Leading expert in Ex - Yugoslavia for paper industry.
- Years-long experience in managing, projecting and realization of paper-mills.
- Years-long experience in strategic planning (member of the expert team for the developing of the Croatia and Yugoslavia during 1983-1988).
- Participation in more than 200 feasibility studies and other techno-economic analysis in field of paper industry.
- Author of 6 registered patents.
- Author of more them 100 inventions in pulp and paper industry.
- Author of several original technical solution applied in paper mills: Belišće Bel - Belisce; Komuna - Skopje; Lepenka - Novi Kneževac; Tvornica kartona i ambalaže - Cazin; Incel - Banja Luka; Konus - Slovenske Konjice; Plaški - Plaški; Beranka – Berane, Olmuk – Turkey, Papirpak – Cacak, Atlantic packing - Canada, Grina – Denmark, Hartija – Kocani, Bozo Tomic – Cacak, Onir – Albania, Natron – Hayat Maglaj, Fabrika hartije – Beograd, ..
- Member of the editorial board of the pulp chemistry and technology, edited by the Romanian academy.
- Member of the scientific board of many international Symposia
- President of the Organization committee of the international symposium in the field of pulp, paper, packing and graphics with international participation.

Teaching Involvement

Courses taught:

- Materials in Printing Engineering
- Pulp, Paper and Cardboard Technology
- Project Methodology in Paper and Printing Industry

Research Activities

- Saving energy
- Improvement of production technology pulp, paper and cardboard
- Forming process of paper and cardboard materials
- Packaging materials

Employment record

- From 1966 until 1971: paper production engineer in Paper Mill Belišće
- From 1971 until 1978: paper production leading engineer in Paper Mill Belišće
- From 1978 until 1987: paper production executive in Paper Mill Belišće
- From 1987 until 1988: technical director in Paper Mill Belišće

- From 1988 until 1993: chief representative of ANDRITZ (Graz-Austria) for Yugoslavia
- From 1993 until 1994: chief project engineer for paper and cardboard machines for ANDRITZ (Graz-Austria) for YUG, Croatia, B&H, Bulgaria, Romania and China.
- From January to July 2007: Short Term Consultant employed by the World Bank Group /IFC/ Private Enterprise Partnership Southeast Europe (PEP SE) on the Project of construction the first paper factory in Albania
- From 1994 until 2010: Engineering and technology consultant for paper and cardboard production in ANDRITZ-VOITH-SULZER (Aus-Ger-Swiss) corporation for South-East Europe.
- From 1994 until 2000: Assistant professor at Faculty of Technology and Metallurgy, Belgrade
- From 2000 to 2005: Associate professor at Faculty of Technology and Metallurgy, Belgrade
- From 2005 - 2008: Full professor at Faculty of Technology and Metallurgy, Belgrade
- From 2004 – 2007: Full professor at Faculty of Technology Bitola, Macedonia
- From 2007 until 2008: Managing Director of Belgrade Paper Mill, Belgrade
- From 2008 until 2009: Expert in Innovation Center of Faculty of Technology and Metallurgy, Belgrade
- From 1994 until now: Coordinator of Center for pulp, paper, packaging and printing industry, Faculty of Technology and Metallurgy, Belgrade

Other Appointments and Visiting Positions

- At 1969: visiting associate in the Institute for Pulp and Paper, Ljubljana
- 1977 and 1978: project supervisor for Paper Plant Olmuk (Turkey) appointed by ER-WE-PA-Simens-Backok corp., and World Bank, Washington, USA
- From 1975 until 1985: visiting expert in several paper factories in Germany, Denmark, Finland, Canada, USA, Turkey, China..
- At 2007: Short Term Consultant as Paper Mill Expert for the first Paper mill ONIR in Albania, appointed by IFC, Washington, USA

Education:

Institution	Faculty of Technology, University of Banja Luka
Date	1962 – 1966
Degree and Diploma obtained:	Bachelor's degree in Chemical Engineering <ul style="list-style-type: none"> • Graduated in 1966 • Department: Pulp and Paper

Institution	Faculty of Technology, University of Zagreb
Date	1974 – 1977
Degree and Diploma obtained:	Master's degree in Chemical engineering <ul style="list-style-type: none"> • Finished the post-graduated studies on 1977 • Department: Chemical Engineering

Institution	Faculty of Technology, Dept. of University of Zagreb
Date	1983
Degree and Diploma obtained:	Ph.D in Chemical Engineering <ul style="list-style-type: none"> • Finished the post-graduated studies on 1983 • Department: Chemical Engineering
