

CARE TO JOIN?

Production Engineer

Gornji Milanovac, RS

Why Tetra Pak?

Tetra Pak is the world's leading food processing and packaging solutions company. Working closely with our customers and suppliers, we provide safe, innovative and environmentally sound products that each day, meet the needs of hundreds of millions of people in more than 175 countries around the world. With more than 23,000 employees based in over 85 countries, we believe in responsible industry leadership and a sustainable approach to business. Our motto, "PROTECTS WHAT'S GOOD", reflects our vision to make food safe and available, everywhere.

Our team in Gornji Milanovac is currently looking for ambitious, self-driven and highly motivated person with outstanding communication, problem solving and analytical skills to take the position of:

Production Engineer

The successful candidate for this position will have to take daily care of production; organize and supervise production; follow up production records and indicators; follow up operators' performance and make appraisals; find out solutions for problems occurring in production; take part in different projects and Total Plant Maintenance (TPM); establish and maintain data base for production related indicators; analyse and make preventive actions to improve production performance; make plans and follow up trainings for operators.

We believe you have:

- University Degree (preferably mechanical, electrical or technology engineering)
- Basic knowledge of mechanical and electrical equipment, tools, devices, and their use within a industrial environment
- Proactive and analytical approach, you are self-starter and good team player with leadership abilities,
- Willingness to work in shifts,
- Strong organizational skills for coordinating and scheduling multiple jobs and personnel
- Readiness to take responsibilities and accept challenges, open minded and always looking for development
- Fluent Serbian and English language knowledge
